

SAAGAR SHRESTHA

Senior Product Designer (UI/UX)

Kathmandu, Nepal | +977-9860332656 | saagarshrest@gmail.com | saagarshrest.com.np | linkedin.com/in/saagarshrest

SUMMARY

Product designer with 10 years of experience designing web, mobile and dashboard products for US, Israeli and Nepali companies in fintech, crypto/Web3, health tech, edtech, e-commerce and gaming. Leads work end to end, from user research and information architecture to UI, prototyping, design systems and handoff, plus Lottie motion design and data analysis.

EXPERIENCE

Ad Leverage | Senior Product Designer | Contract, Remote (San Francisco, CA, USA) Oct 2023 – Aug 2026

- Designed high-converting Unbounce websites and landing pages for user acquisition, from first concept to launch.
- Ran A/B tests on designs and resolved complex UX issues to improve user retention.
- Built scalable design systems that kept the brand and components consistent across sites.
- Prototyped user flows and micro-interactions, and streamlined the designer-to-developer handoff.

Signetic | Product Designer | Full-time, Remote (USA) May 2022 – Nov 2022

- Designed high-fidelity UI in Microsoft Power Apps for healthcare scheduling, billing and compliance software.
- Built interactive prototypes of key flows, and identified and fixed UX problems.

Infinity Digital Agency (IDA) | UI/UX Designer | Full-time, Kathmandu, Nepal Nov 2021 – Apr 2022

- Designed health tech, aged care and gaming products end to end, from UX research to high-fidelity UI in Figma.
- Created user journeys, information architecture, user flows and wireframes with clients and product managers.
- Validated concepts with interactive prototypes and supported developers through handoff with specs and assets.

Dreamax.co.il | UI/UX Designer | Full-time, Remote (Israel) Sep 2021 – Nov 2021

- Researched user flows and designed high-fidelity UI for a no-code website builder, working closely with developers.

Bitsbeat | Senior UI/UX Designer | Full-time, Kathmandu, Nepal Jul 2020 – May 2021

- Designed crypto and Web3 products, including staking, NFTs and token exchange, simplifying complex financial workflows.
- Led research, information architecture, wireframes, UI and Figma prototypes, and ran usability tests on crypto tools.
- Mentored junior designers and interns, and created 2D animation and motion graphics for websites.

Healent | Lottie Animator | Freelance, Remote (USA) Jul 2020 – Nov 2020

- Designed medical and workout illustrations and animated them in Lottie.

Braindigit | Creative Designer | Full-time May 2019 – Apr 2020

- Led a design team and trained interns; designed game UIs, interactive prototypes and 2D animation for web and video.

Floyd Consultancy | Designer | Full-time Sep 2018 – Jan 2019

- Designed web, mobile and physical products from client requirements, and mentored junior designers.

Blackspring | Multimedia Designer | Full-time Jan 2016 – Aug 2018

- Designed websites, mobile apps, WordPress themes, app icons and logos.
